To whom it may concern:

I would like to take this opportunity to recommend Mr. Siravij Praevisavakij who wishes to advance in his career by applying for a Bachelor of Science Program in Information Technology. Mr. Siravij Praevisavakij is studying in Certificate in Technical Education Program in Electrics and Electronics (English Program) at KING MONGKUT'S UNIVERSITY OF TECHNOLOGY NORTH BANGKOK.

At School, I have known MR. SIRAVIJ PRAEVISAVAKIJ as a student since October 2022. I have spent a great deal of time observing his work. He is a student at Thai-German Pre-Engineering School. He has many projects in computer class. During his study here, he showed very good computer skills, responsibilities, and creativity. I found him enthusiastic, hard-working, and ambitious.

With his strong ambition to pursue his bachelor's degree and his desire to explore new computer technology and systems. MR SIRAVIJ will be well suited for your program of study. Therefore, I would offer high recommendations for MR SIRAVIJ for your bachelor's program. If you have any further questions regarding this recommendation, please do not hesitate to contact me.

Yours Sincerely,
